Kingdom Dreamer Scholarship Foundation

Dearest in the Lord

A letter of Appreciation

I am Bamu, Joseph Ateh from the Republic of Cameroon, West Africa. I am an M.div student. On behalf of my family that is back there in Africa, I write this note to express our heartfelt gratitude first to the anxiously awaited Lord and Master, Christ Jesus for raising the kingdom Dreamer Foundation and instilling in it a vision which sustains the education of the leaders of his Church.

Secondly we bless the name of the Lord for all donors to this foundation. As a family we count ourselves blessed by you donors through your loving donations which sustain as well as foster kingdom ministry into which the Lord has called us. From two attachments here enclosed you donors can see that your donations created a miracle to sustain the seminary studies of this writer. His first year in seminary unfortunately accumulated a huge deficit of over \$ 3.800 (Page 2) which placed him at the verge of dismissal (page 3).

Your donations are miraculously reinstating my student status for continuous studies. The email sent to me about the scholarship grant created great hope in the face of hopelessness displayed in the seminary letter of ultimatum cited above. Thank you greatly. May the Lord of the harvest water you all for watering this writer. May your bans never lack but produce abundantly so that more miracles will flow from you to sustain, expand the works of the kingdom and glorify the name of the Lord.

You donors are God's channel of answered prayers. In the midst of the huge deficit in the invoice on page 2 and letter of ultimatum on page 3, I and my family though separated by great distance called upon the Lord. Has he not answered us through you? Thank you for making yourselves available in his hands. By you he granted our petition. May he who worked through you to answer our petition bless you graciously.
